HSI SENSING SUPPORTS ITS LOCAL COMMUNITY WITH DONATION TO YMCA

CHICKASHA, Okla., U.S.A. (February 4, 2011) — HSI Sensing (formerly Hermetic Switch, Inc.), a designer and manufacturer of reed switches, proximity sensors, and other switch technologies, is committed to supporting its community through donations to local businesses and charities.

Most recently, HSI Sensing contributed to the Chickasha Area YMCA with a donation. The donation benefits the YMCA's Community Support Campaign program for financial assistance, which provides childcare, memberships, and youth sports to everyone, regardless of their ability to pay.

From left to right: David Posey - President HSI Sensing, Ryan Posey - VP Operations HSI Sensing, Johnathan Teal - Executive Director of Chickasha Area YMCA, Tom Posey - CEO HSI Sensing, and Travis Posey - VP Strategy HSI Sensing.

Chickasha Area YMCA Executive Director Johnathan Teal said, “This contribution from HSI will greatly increase the number of people the Y will be able to help in 2011.” He said, “Each year, donations help us fund our financial assistance program, which prevents us from turning anyone away from our community membership or programs based on an inability to pay.”

About HSI Sensing

Established in 1968, HSI Sensing is an ISO 9001:2008-registered company that designs, develops, and manufactures reed switches, proximity sensors, and other sensing technologies. It provides custom and standard sensing solutions to industries including aerospace, agricultural, computer/electronic, construction, fluid processing, lawn/garden/turf, medical, military, security, and telecommunications. Specific applications in which HSI products are used include burglar alarms, commercial and military jet engines, commercial lawn mowers, defibrillators, hearing aids, pacemakers, space station/space shuttle functions, test, measurement and diagnostic equipment (TMDE), Vagus nerve stimulators, valve-position monitoring devices, wireless devices, etc. Customers include Fortune 500 companies as well as other key players in the global marketplace. For more information, contact HSI Sensing USA at 405-224-4046 or visit www.hsisensing.com.
