HSI SENSING IS NOW HIRING PRODUCTION POSITIONS

CHICKASHA, Okla., U.S.A. (April 20, 2011) — HSI Sensing (formerly known as Hermetic Switch), a designer and manufacturer of custom reed switches, proximity sensors, and other switch technologies, is now hiring production positions.

Due to its increase in demand, HSI Sensing is now hiring full time production positions. HSI offers excellent benefits, such as health, dental, and vision insurance, a clean and cool work environment, convenient hours, and friendly coworkers in a family-like atmosphere. HSI is also offering a \$50 sign-on bonus to new employees upon being hired for a full time position. Day and night positions are open.

Referrals can apply at Cherokee Temps, 1728 S. 4th St. in Chickasha, Monday through Friday, 8 a.m. to 4 p.m., or at Express Employment Professionals, 301 S. 2nd St., Ste. EEP in Chickasha, Monday through Friday, 8 a.m. to 4 p.m. Background checks, small parts testing, and drug screening is required.

About HSI Sensing

Established in 1968, HSI Sensing is an ISO 9001:2008-registered company that designs, develops, and manufactures custom reed switches, custom proximity sensors, and other sensing technologies. It provides custom and standard sensing solutions to industries including aerospace, agricultural, computer/electronic, construction, fluid processing, lawn/garden/turf, medical, military, security, and telecommunications. Specific applications in which HSI products are used include burglar alarms, commercial and military jet engines, commercial lawn mowers,

defibrillators, hearing aids, pacemakers, space station/space shuttle functions, test, measurement and diagnostic equipment (TMDE), Vagus nerve stimulators, valve-position monitoring devices, wireless devices, etc. Customers include Fortune 500 companies as well as other key players in the global marketplace. For more information, contact HSI Sensing USA at 405-224-4046 or visit www.hsisensing.com.
